COMMENTS ON FOREIGN PRIORITY

1. Acknowledgment is made of applicants' claim for foreign priority based on an application filed in Japan on 12/18/2001. It is noted, however, that applicants have not filed a certified copy of the Japanese application as required by 35 U.S.C. § 119(b).
2. Applicants note in paragraph 5 of their remarks on page 7 of the amendment received 3/3/05, that this application is a "continuation of the corresponding International application..." (Emphasis added) and that a certified copy of the Japanese application "was filed in the International application". In order for the certified copy of the Japanese application to be provided to this Office by the International Bureau, the U.S. application must be a National Stage application under rule 371. In this case, the application is a "continuation", NOT a National Stage application, and the International Bureau will not provide a copy of the certified copy of the Japanese application. Therefore, Applicants must provide the certified copy of the Japanese application to the Office. The § 119 (a-d) conditions for foreign priority may be met after allowance.
